Fall

This year Varsity Football had a hard working and dedicated team. Through winning and losing games they managed to pull together, everyone working as one. Varsity offense as well as defense managed to meet each challenge with enthusiasm and determination. Their wins were led by the running of Dan Cordova and Mutt Tracey and the able leadership of quarterback Howard Lieberman, who cleverly passed and handed off to move the Mustangs down the field. Overall the defense played well, at times providing many exciting games.

Other Varsity players featured: Tom Buchanan, Def. End; Dennis Ferrari, Def. Guard; Bryan Martel, Def. Back; John Mulvey, Def. Back; Mike Nicholson, Def. Fullback; Craig Pica, Off. End; Luis Reguero, Off. Tight-end; Kevin Sullivan, Def. End; Gary Waterfield, Off. Tight-end; and Jay Epstein, Off. Tailback.

With a large number of returning juniors, we look forward to next year as a big year in Football.

Round-Up '78

Homestead's Annual Roundup Day on October 21 proved to be a great day for all who came. The day started successfully with the Seniors winning the traditional Powderpuff football game 6 to 0. Various clubs offered booths ranging from bake sales and pie-throwing to a dunking machine and a faculty bean-bag toss.

Arsenic and Old Lace was a wonderful play filled with details of plot and character. As high comedy it challenged the actors and actresses to find subtle ways to portray these people, all of whom are a bit crazy, and some of whom are a bit more crazy than others. There are motives in every line and purpose in every deed.

The work done mounting this play was almost as much fun as performing it.

The 1978 Homecoming week surpassed all other school functions this year. Spirit was generated throughout the week with each class decorating the school in a "Time Machine" theme fashion. Friday, November 10 was the Homecoming football game against Fremont. The game was extremely exciting, but the Mustangs came up one short with a score of 27-28

During half-time, each class paraded their floats around the field. Much time and effort were put into these floats, and both the Junior and Freshman classes received the best float award. Seniors were awarded the most spirited class of 1978.

This year the wrestling team worked hard to build a program at Homestead. They also did quite well individually. On Varsity the outstanding wrestlers were Mike Egan and Brad Avakian, on J.V.'s they were Matt Vanni and Matt Igel. Those who made it through D A I finals included: Brad Avakian, 1st; Andy Lewis, 2nd, Mike Egan, 3rd, Mike Istill, 2nd; and Will Mulhern, 2nd. Well done wrestlers!

Foreign Exchange Students

Giana Rodrigues - Brazil

Being an exchange student is a good experience and I recommend that everybody take part in an exchange program. I had a hard time in the beginning, but the people here helped me much. I like the school here. I think it is not boring because we are always doing something and many people that I have never seen in my life said "hi". I like that.

Javier Arias - Panama

It is a good experience that I am staying in the United States. It is a great opportunity to learn English. In Panama, in my school I study English but don't learn anything because I'm speaking Spanish all the time, but here I have to speak English, and in two months I think I've learned enough English.

I think California is a magnificent place to live, because the climate is warm and very agreeable. I like the school very much where I am studying. The teachers are very good and they teach well. I'll never forget these past days in California and Homestead High!!

Vic McMahan - Australia

I have had the opportunity to attend two schools in the U.S.A. and have found Homestead the most enjoyable. The people here are very open and friendly and seem genuinely interested in my country. My school at home has six years of High School but only 800 students so I still manage to get lost at Homestead. School here is much easier and larger. Materially America is very similar to Australia although somewhat more car-conscious. The main difference is the people; they seem to think, act, and especially talk different to the way I do, which is a lot of fun. Thanks to all at Homestead and the Walker Family for letting me have a fair dinkun grouse rage at Homestead'

From Country To Country

Hane Jorgenson - Denmark

(Guys, Gals, and teachers some of them at least) No, to be serious, this year has been a blast! I have met so many wild and crazy people that I don't feel like going home for 2 years. (Take it easy, my ticket is due in August 1979!) I really have enjoyed this year, especially being a senior, candy-bars, and the waterbeds. California, and Homestead are alot different from Denmark and Virum Statsskole (my school at home). Particularly the people, of course. Over here they are alot more emotional. Altogether! I love you all, and if you ever pass through Denmark, come and see me!!!

John Constantinidis - Greece

My first meeting with the U.S.A. I will never forget. I think California is a great place to live with a lot of interesting activities. When I first saw Homestead I was thinking how much smaller my school in Greece is. I like this school because of the good teachers and friends I have and because of the great deal of different activities. I wish I could bring all my Greek friends here to enjoy this school. Love to all of you, and if you ever go to vacation in Greece, don't wear a TOGA!!!

Homestead Student Goes Abroad

A Homestead student, Marica Phillips, traveled in January 1979 to Australia as a Foreign Exchange Student. She will be away until December 1979.

The staff is made up of a group of students, who share the fascinating and pleasureable art of creating writing. Through much hard work and patience, the staff and Mr. Vosovic present the Centaur to the Student Body in the spring
